

A white cylindrical pendant light fixture is shown against a white background. The fixture consists of a long, thin white stem that connects to a large, flat, circular white canopy. The canopy is the main light-emitting surface. The stem is attached to the center of the canopy. The lighting is soft and even, highlighting the clean lines of the design.

J SCHATZ CILINDRO PENDANTS®

Canopy Installation Guide

INTRODUCTION

We recommend installation of your new Cilindro Pendant by a professional electrician. Please share this guide with your electrician.

DANGER: Electric shock risk. Turn Off electrical power before beginning installation and use caution when installing.

PARTS

Your Cilindro Pendant Canopy consists of 6 individual Parts.

- (1) Cord Grip
- (1) 4" Mounting Crossbar for Junction Box attached to
 - (1) 1 1/4" Steel Nipple
- (1) 5" White Canopy
- (1) White Cap
- (1) 4' White Electrical Hanging Wire
 - attached to
 - (1) Ceramic Cilindro Pendant

STEP 1

Slide the White Cap, White Canopy, Mounting Crossbar and Steel Nipple, and Cord Grip over the White Electrical Hanging Wire.

Cord Grip

Mounting Crossbar and Steel Nipple

White Canopy

White Cap

STEP 2

Decide the hanging length of your Cilindro Pendant and position the Cord Grip next to the Steel Nipple. Tighten the screw of the Cord Grip until it is securely attached to the White Electrical Hanging Wire.

Position and Tighten the Cord Grip

STEP 3

Attach the Mounting Crossbar to your Junction Box using the screws in your Junction Box. Cut any excess Electrical Wire length, strip the wire ends and attach to your power source.

Attach Mounting Crossbar to Junction Box using the screws in your Junction Box

Attach the Black and White Electrical Wires to Power Source using Wire Nuts:

Black Wire to Black Wire

White Wire to White Wire

Attach the Green Wire to the Ground Screw on Mounting Crossbar

STEP 4

Slide the White Canopy up to the ceiling and secure in place by tightening the White Cap over the bottom of the Steel Nipple. Insert a light bulb into the lamp socket, turn on your electrical power and enjoy.

Slide White Canopy Up
Secure White Cap to Steel Nipple

Insert a 75 Watt Max light bulb
into lamp socket

Wonder-Certified™

Your J Schatz product is Wonder-Certified. All J Schatz products are incorporated into Jim's daily life and subjected to the wonder test to become a wonder-certified J Schatz product. The wonder test is quite simple. If a product inspires wonder throughout the weeks, months and years that Jim lives with it, the product will be produced.

About J Schatz

We at J Schatz are dreamers and explorers. Working from our studio in upstate New York, Jim and the team take inspired ideas and create ceramic ware that is pierced, scratched, carved, drilled, glazed and fired into beautifully finished products. All products are created to fit in harmony with the environment. We employ local artists, use energy-saving production methods, and our packaging contains 80% recycled content. Each product leaves our studio beautifully finished, complete with a 100% satisfaction guarantee. Indulge in a moment of wonder with a J Schatz product today.
